About this PDF. This PDF was generated from the online guide at **/how-it-works/financial/financial-archives**. The online version is the primary, most current edition.

SOP LIBRARY / FINANCIAL RECORDS **ENGLISH**

Browse archived statements

Guide ID	**financial-archives**
Revision	Revision 1 (generated October 16, 2026)
Intended for	Customer, Restaurant owner, Helper, Business owner
Availability	**Supported**
Online version	/how-it-works/financial/financial-archives

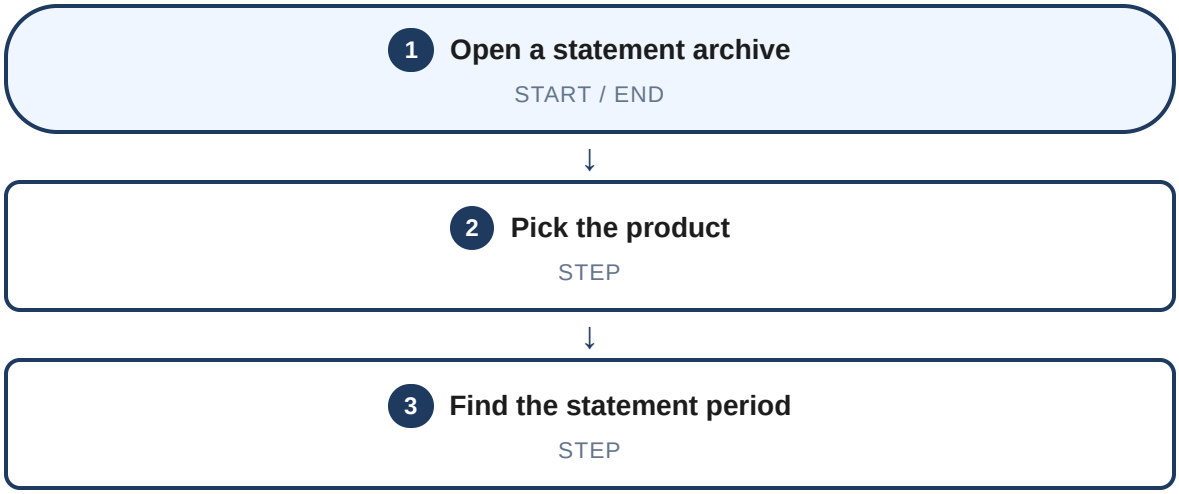

Goal

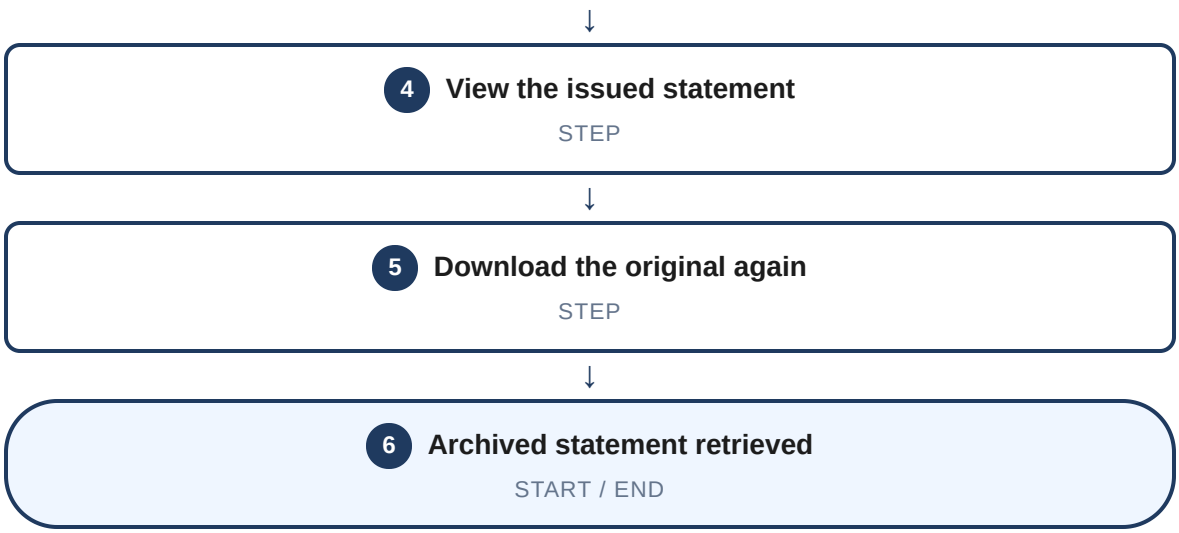

Find issued monthly statements in the archive and view or download the immutable originals.

Before you start

1. Sign in to your OxSteed account.
2. Know which product the statement belongs to (OxSteed Credit, Restaurant Credit, helper earnings, business, or restaurant settlement).

Process map

Text version. Open a product archive, for example /oxsteed-credit/statements/archive ("Statement archive": "Your issued monthly statements. Originals are immutable; download them again at any time."). Pick the product (OxSteed Credit, Restaurant Credit, helper earnings, business, or restaurant settlement). Find the statement period ("Jan 1 – Jan 31"), open it ("View"), and download the original ("Download issued", "Download CSV"). Each product has its own archive; they never merge.

Steps

Step 1: Open a statement archive

Open one of the archive routes: /oxsteed-credit/statements/archive for OxSteed Credit, /restaurant-credit/statements/archive for Restaurant Credit, /helper-earnings/statements for helper earnings, /business/statements for business statements, or /restaurant-settlement/statements for restaurant settlement. The page is titled "Statement archive".

> **Expected result:** The archive loads with the product selector and the issued statements.

1. **1.** Page title
2. **2.** Product selector

Step 2: Pick the product and find the period

Use the "Product" selector to switch products ("Each product, account and currency has its own statements. These are credit-account records, not bank deposit statements."). Find the statement by its period heading ("Jan 1 – Jan 31"). The totals line uses the product's own accounting vocabulary (for example "Opening payable", "Posted earnings", "Settled payouts and status removals", "Closing payable" for helper earnings).

> **Expected result:** The right statement document is on screen with its totals.

1. **1.** Product selector
2. **2.** Statement periods

Step 3: View and download the issued statement

Choose "View" on the statement to read the issued document. Use "Download issued" for the immutable original or "Download CSV" for the data. Originals never change; if a statement was amended, the archive marks it and links the correction.

> **Expected result:** The statement opens or downloads with its full transaction history.

2. **2.** Download issued button

Confirm it worked

You have the issued statement open or downloaded, from the right product archive, with the immutable original.

If something goes wrong

Problem	What to do
The archive shows "No statements yet".	"Issued monthly statements will appear here. Closed calendar months create immutable documents." If you expected one, check the product selector; statements live under their own product.
You cannot find a statement for a different product.	Switch the "Product" selector or open the product's own archive route directly (for example /restaurant-credit/statements/archive).

Need help?

For archive issues, use the in-app support page at /support.
