Guide ID	**financial-statements**
Revision	Revision 1 (generated October 16, 2026)
Intended for	Customer, Restaurant owner, Helper, Business owner
Availability	**Supported**
Online version	/how-it-works/financial/financial-statements

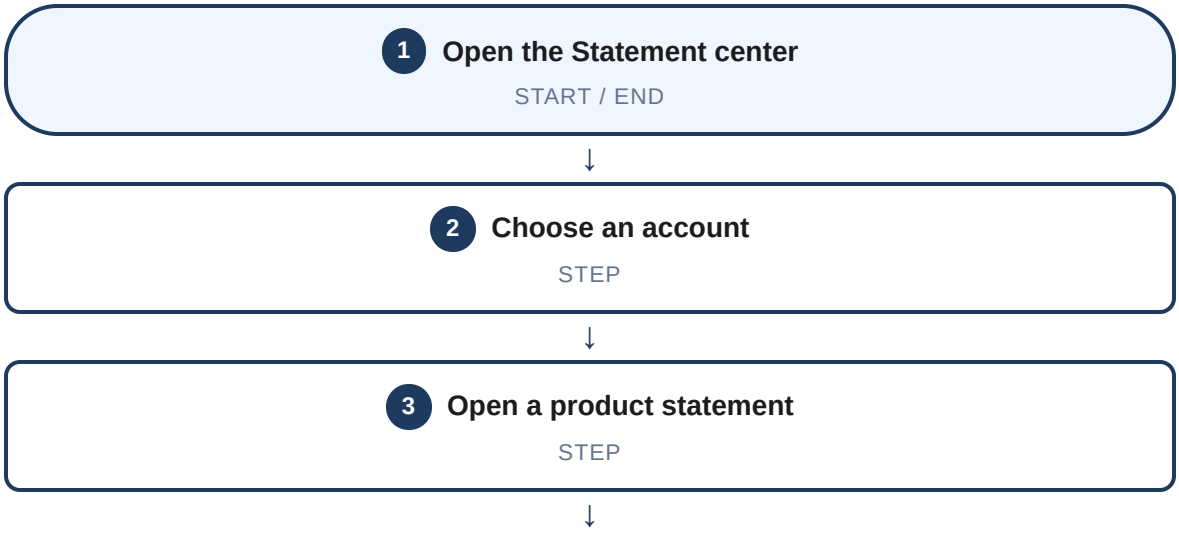

Goal

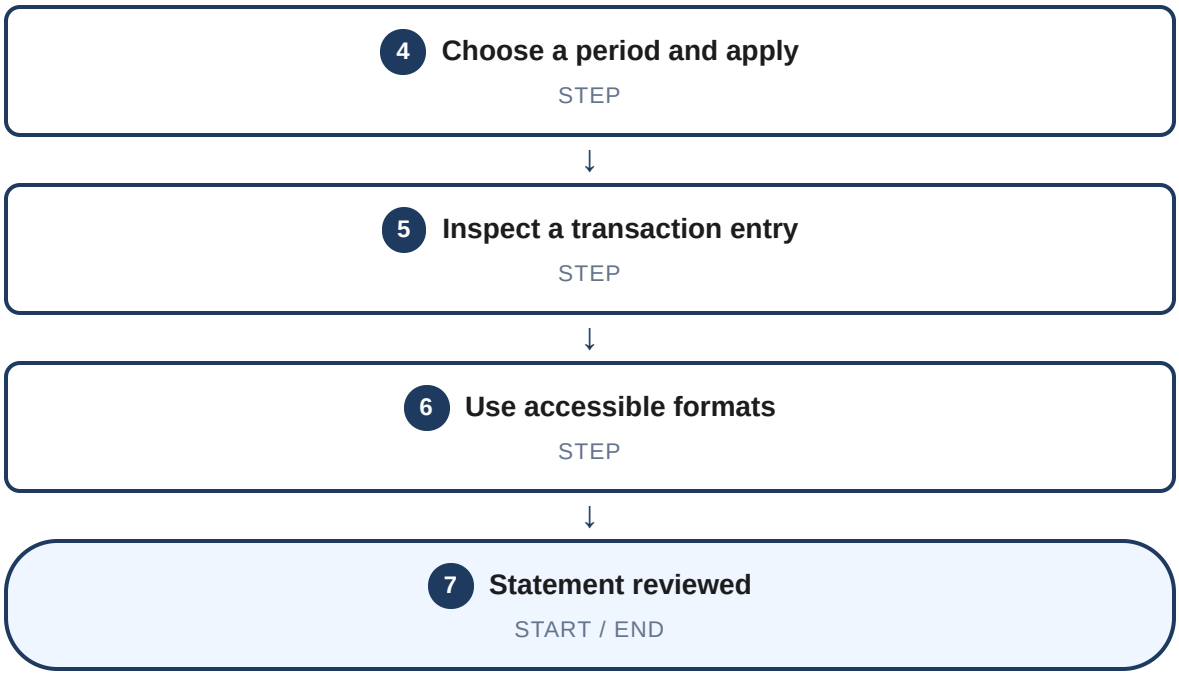

Find and read the right statement: the statement center, product statements, transaction details, and accessible formats.

Before you start

1. Sign in to your OxSteed account.

Process map

Text version. Open /statements ("Statement center": "Choose an account and a period, then review or download your records."). Note "Balances, currencies, and statement types stay separate." Choose an account ("Account and currency"), then open a product statement at /oxsteed-credit/statements or /restaurant-credit/statements ("Account statements": "Choose an account and statement period", then "Apply"). Inspect entries ("Entry details") and report issues. Use the accessible statement page for a tagged PDF, accessible HTML, or CSV.

Steps

Step 1: Open the Statement center and choose an account

Open /statements. The "Statement center" shows "Choose an account" with your statement accounts. Use "Search all records" or "Period activity" to narrow, and "Change account" to switch. The note "Balances, currencies, and statement types stay separate." reminds you each account keeps its own records.

> **Expected result:** The accounts list loads with the selected account's periods.

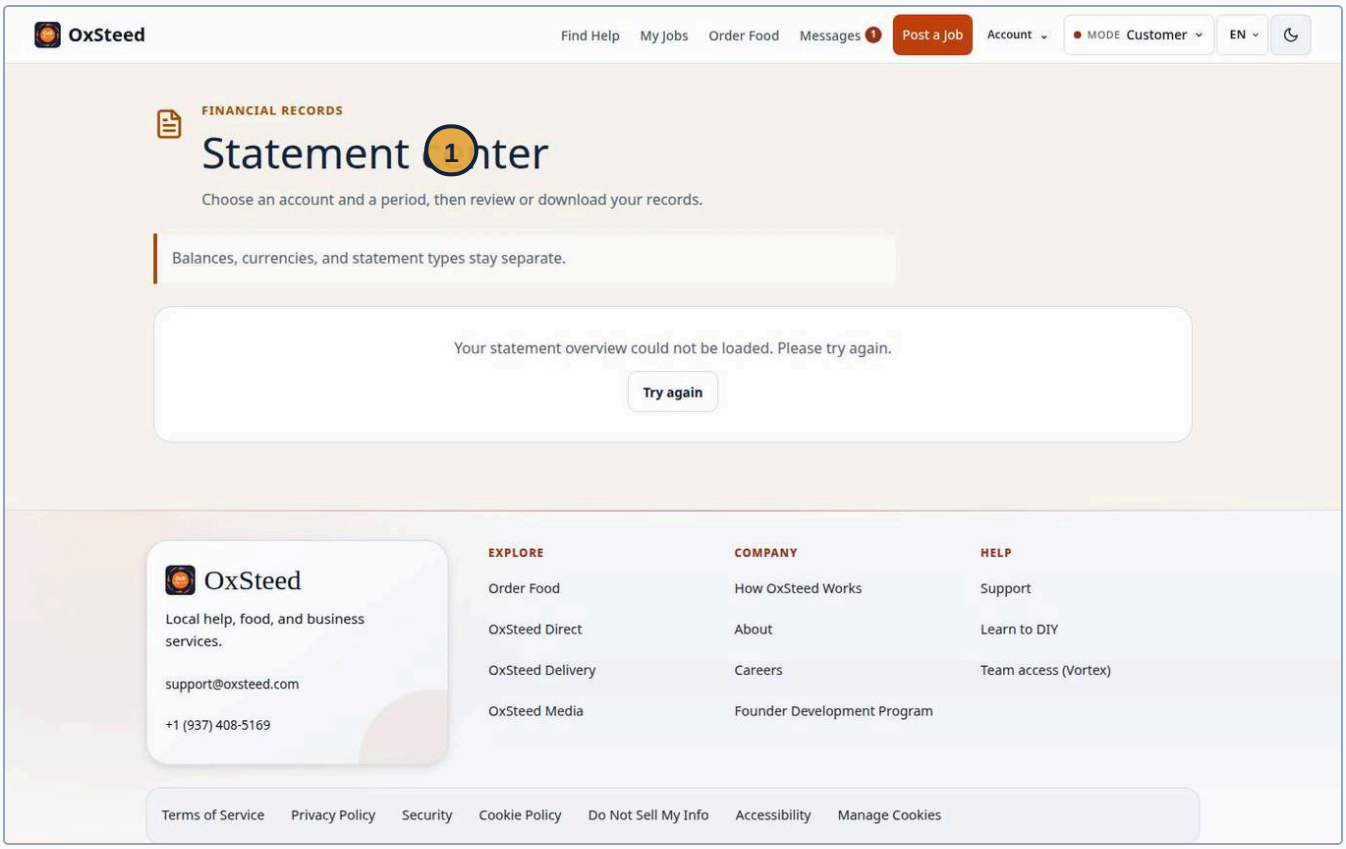

Figure 1. The Statement center, desktop view. *(Image description: Statement center with the account list)*

1. **1.** Page title

Step 2: Open a product statement and choose a period

Open /oxsteed-credit/statements ("OxSteed Credit" statements) or /restaurant-credit/statements ("Restaurant Credit" statements). "Choose an account and statement period" ("Select Apply to generate or retrieve your statement."), then choose "Apply". Dates use UTC; "Closed calendar months create immutable monthly documents on demand. Current or custom periods are interim reports."

> **Expected result:** The "Posted activity" list fills with the period's transactions and "Download PDF" / "Download CSV" appear.

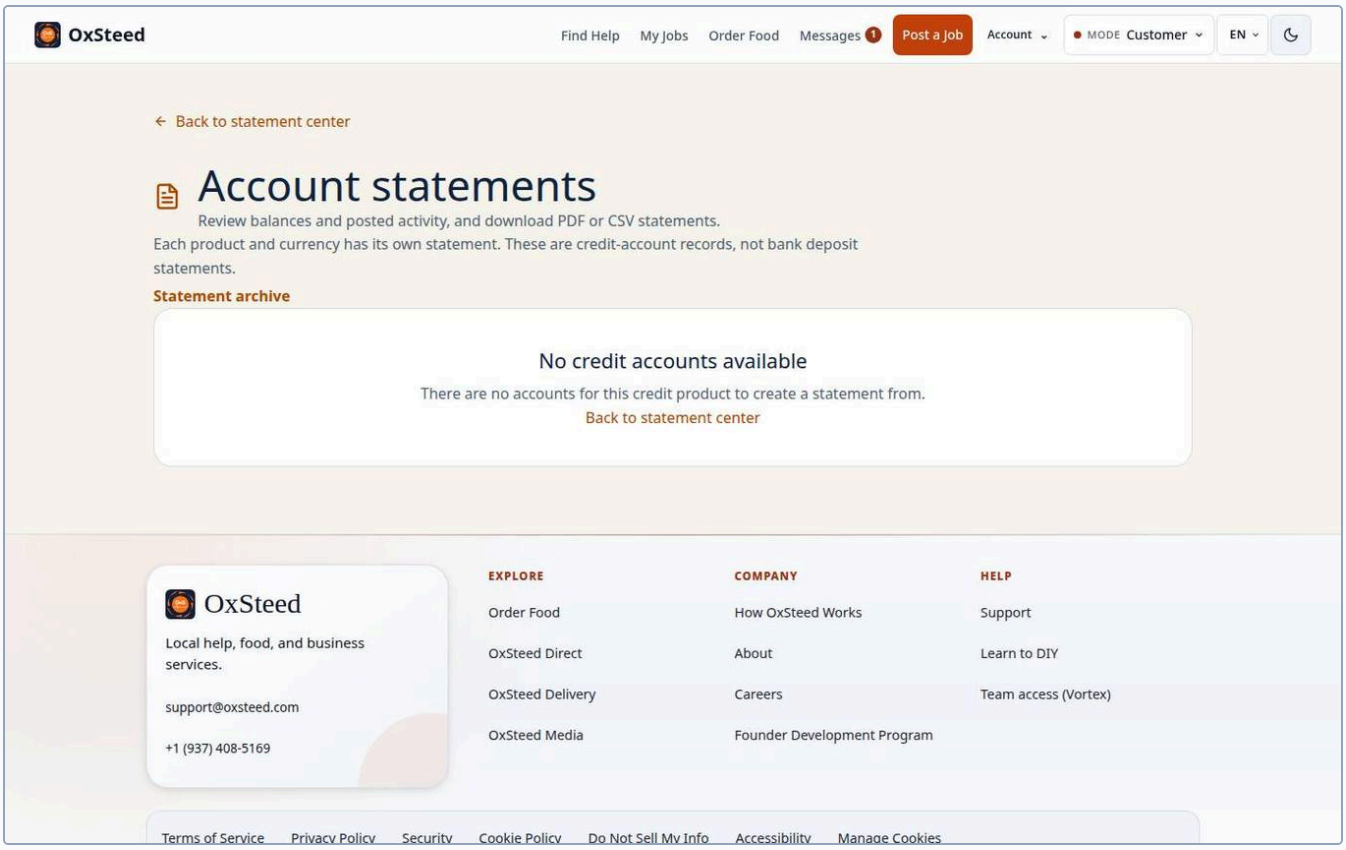

Figure 2. Choosing a statement period, desktop view. *(Image description: Statement page with account and period controls)*

Step 3: Filter and review posted activity

In "Posted activity", each row shows the date, type, "Credit"/"Debit", "Description", and "Balance after". Use "Advanced filters" to narrow by "Activity type", "Min amount"/"Max amount", "Direction" ("Debits and credits", "Debits only", "Credits only"), "Status", or related record ("Food orders", "Top-ups and funding", "Settlements and payouts", "Adjustments", "Refunds"), then "Apply filters".

> **Expected result:** The list shows "{{count}} of {{total}} transactions" matching your filters.

1. **2.** Posted activity list

Step 4: Inspect a transaction entry

Open an entry to reach /statements/:documentId/entries/:entryId ("Statement transaction": "Entry details"). Review "Posted (UTC)", "Type", "Amount", "Balance after", "Reference", and the related record ("View" opens the linked order or payment). If something looks wrong, use "Report an issue" with a "Reason" and "Details", then "Submit report" ("Tell us what looks wrong. Filing a report never moves money; it opens a case for review.").

> **Expected result:** The entry facts are clear and any issue is filed as a report.

Step 5: Use accessible formats

Open /statements/:documentId/accessible ("Accessible statement": "Download a tagged PDF, an accessible HTML version, or a CSV of this statement."). Choose "Download accessible PDF" ("Tagged PDF": "A PDF with a tagged structure for screen readers."), "Open accessible HTML" ("Accessible HTML": "The same statement as a web page with a semantic table, headings, and right-to-left support for Arabic."), or "Download CSV" ("CSV data": "Every transaction row as plain data for spreadsheets and screen readers.").

> **Expected result:** The statement downloads in the format you chose.

3. **3.** CSV data card

Confirm it worked

You can open the right account, period, and entry, and download the statement in a usable format.

If something goes wrong

Problem	What to do
The page shows "No statement accounts are available yet."	Accounts appear here when available to you. If you expect one (for example after a top-up), use "Retry" and check the wallet first.
The period shows "No posted activity in this period".	Widen the From/To range or choose a different account; current or custom periods are interim reports and may legitimately be empty.
A report cannot be opened from an entry.	You see "A report cannot be opened from this statement entry. Contact Support for help." Use the in-app support page at /support instead.

Need help?

For statement issues, use the in-app support page at /support.
