SOP LIBRARY / HELPER WORK **ENGLISH**

View your earnings overview

Guide ID	**helper-work-earnings**
Revision	Revision 3 (generated October 18, 2026)
Intended for	Helper
Availability	**Conditional**
Conditions	• The Earnings tab is currently available in helper mode. If it is unavailable for your account, use Payouts and Helper earnings statements.
Online version	/how-it-works/helper-work/view-earnings-overview

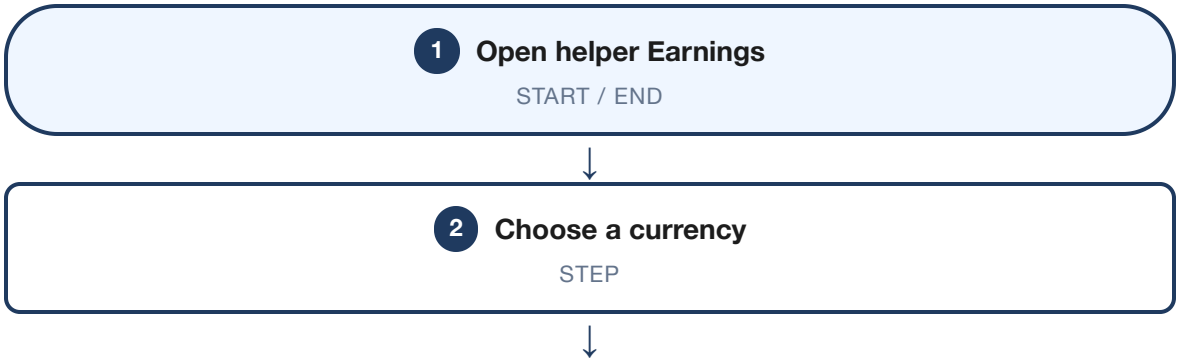

Goal

Review recorded job payouts by currency, inspect trends and job details, and open earnings statements. Budgets and personal money logs are separate from recorded payouts.

Before you start

1. Sign in and switch to helper mode.
2. Know how to receive payouts.

Process map

Text version. Open helper Earnings, select one currency, review recorded payouts and any missing amounts, compare weekly or monthly trends, open individual jobs, then open earnings statements for period records.

Steps

Step 1: Open recorded job earnings

Open /helper-dashboard?tab=earnings in helper mode. The Job earnings card shows recorded helper payouts separately from personal income and expense logging. Job budgets do not count as recorded payouts.

> **Expected result:** The currency selector and recorded payout totals are visible.

1. **1.** Currency selector

Step 2: Choose a currency and check missing amounts

Use Currency to review one currency at a time. Available, pending, and paid amounts are separate. A missing recorded payout is called out; it is not estimated from the job budget and is not a confirmed balance.

> **Expected result:** You can identify the currency and distinguish recorded payouts from missing amounts.

1. **1.** Selected currency
2. **2.** Missing recorded payouts

Step 3: Inspect trends and open a job

Switch Trend between Weekly and Monthly. Open a job title to inspect its details. Use Previous and Next to review older recorded jobs; the list stays within the selected currency.

> **Expected result:** The monthly trend and individual job links are available.

1. **1.** Weekly or monthly trend
2. **2.** Open a job

Step 4: Open your earnings statements

Open /helper-earnings/statements for authorized period records and downloads. Use /helper/payouts for payout requests and their existing eligibility checks. Reviewing analytics never submits a payout.

> **Expected result:** Your authorized earnings statement area loads.

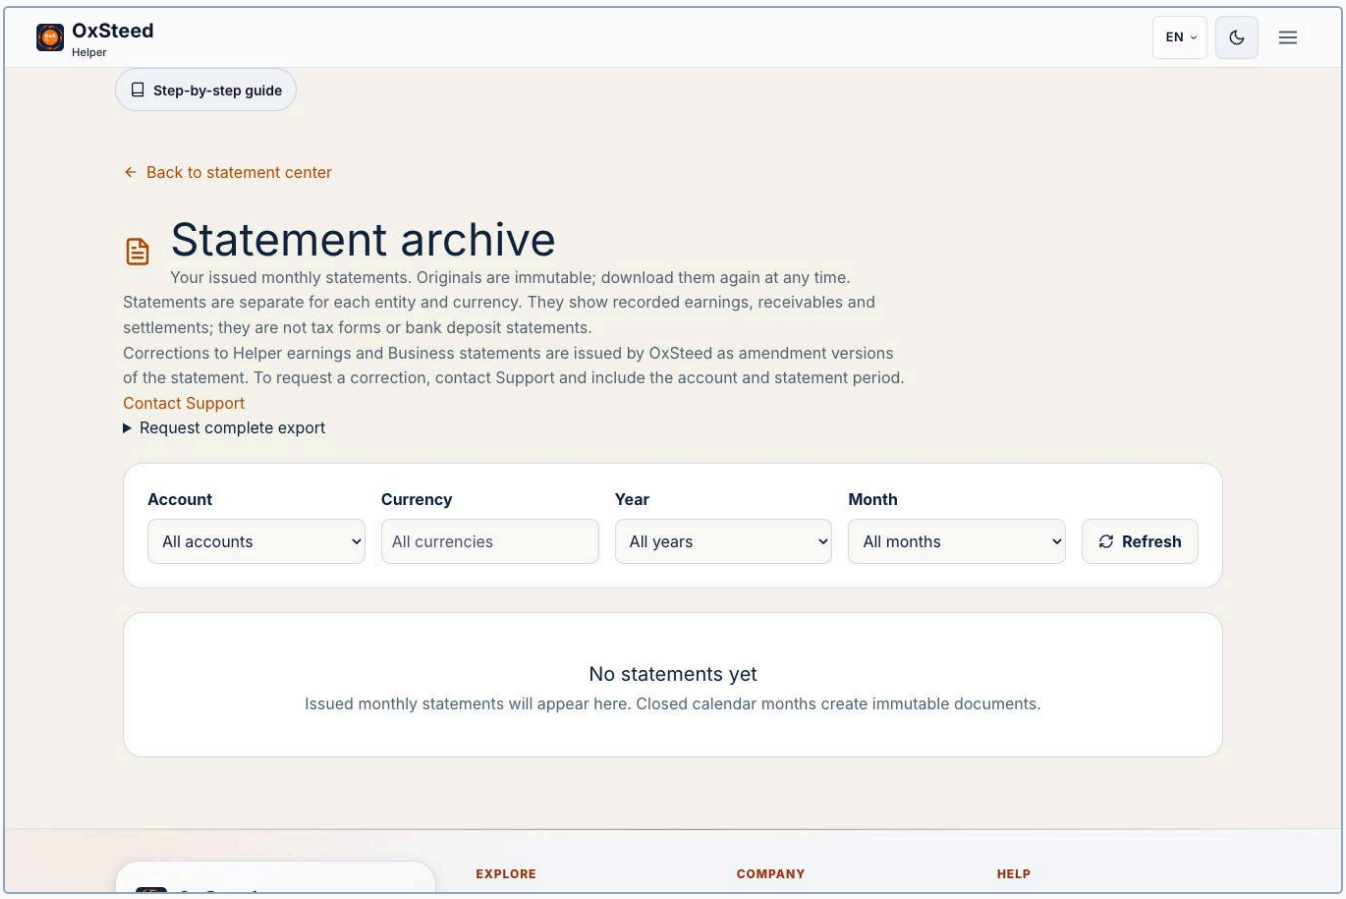

Figure 4. Open your earnings statements, desktop view. *(Image description: Synthetic example: Statement archive)*

Confirm it worked

You can see your balances at /helper/payouts and your statements at /helper-earnings/statements; when the flag is on, the dashboard Earnings tab shows the full overview.

If something goes wrong

Problem	What to do

There is no Earnings tab on your dashboard.	That is expected: the helperEarnings flag is off by default. Use the Payouts page and earnings statements instead.
Statements show no entries.	Statements archive after payouts post. If you have earned but never been paid, the Payouts page pending balance is where the money sits.

Need help?

If statements fail to load, contact OxSteed Support from the /support page.
